MAYOR DISCUSSES RAISING OF BONDED LIMITATION OF CITY

AN INCREASE WOULD GIVE ADDITIONAL MARGAIN OF SOME \$230,000

REVIEWS PREVIOUS EFFORTS COUNCIL

A Bill Giving City Power to Extend Bonded Limitation in Legislature Before.

"It is gratifying to me to see that The Daily Intelligencer is editorially endorsing my efforts to procure an amendment to the state constitution empowering this city to issue bonds for street improvements up to 15 per cent of the taxable value of the property within the city," declared Mayor Godfrey yesterday afternoon.

"In two recent issues The Intelligencer has stressed the need of an increased bonded limitation for this city," continued the mayor. "A measure looking toward this end, if passed by the general assembly and voted on favorably in the general election in November, 1916, would give this city an additional bond margin of approximately \$230,000. In my opinion it would not be necessary, nor do I think it wise, to issue bonds to this amount for finishing the street paving in Anderson. An additional issue of an amount considerably less than these figures would be sufficient, in my opinion, to finish the street paving, adding this, of course, to an equal amount to be received from the abutting property owners."

When the general assembly was in extra session during the latter part of September, 1914, Mayor Godfrey drafted a bill or resolution, giving this city the power of extending the bond limitation.

By referring to the minutes of the meetings of the city council it is seen that at the meeting of that body held Sept. 30th, Mayor Godfrey stated that he had drafted a resolution to be presented to the general assembly in Columbia submitting to the people of the state in the next general election the question of increasing the bond limitation from eight to 15 per cent of the taxable property of this city. Council went on record as endorsing the bill, and authorized the mayor to go to Columbia and carry with him persons; who in his opinion, could be of assistance in getting the general assembly to take favorable action on the bill.

The minutes of the meeting of the city council held October 8, 1914, read in part as follows: "Mayor Godfrey stated that he, Mr. K. P. Smith and Mr. C. E. Tolly had been to Columbia to confer with the governor and the legislative delegation about getting the passage of a resolution looking toward an increase in the bond limitation to fifteen per cent, and that the prospects of getting the resolution passed at the present session of the general assembly look bad unless some person of influence with the governor could be sent to Columbia to confer with him. After some discussion it was decided that the mayor get some one, who in his judgment was best suited to go to Columbia to try to get the matter passed by the general assembly."

"The resolution," said Mayor Godfrey yesterday afternoon, "was introduced in the house of representatives and passed one or two readings. The resolution was not passed by that legislature."

The mayor states that he went to Columbia during the 1915 session of the general assembly and conferred about having the resolution passed there so that it might be voted on at the special election ordered on prohibition. "On investigating the matter however, I learned that a proposed constitutional amendment could not be voted on at a special election; that it would have to be voted on in a general election," said the mayor. "This being the case nothing was to be gained by having the 1915 general assembly pass the resolution, so it was held up until the next general assembly, and the county delegation will be asked to introduce and support it in the two branches of the body next January."

Following is the text of the resolution drafted by Mayor Godfrey, which was introduced in the general assembly in September, 1914, and which will be presented to the delegation in January:

A joint resolution to amend Section 7, of Article VIII, of the constitution of this state by adding a proviso thereto so as to empower the city of Anderson to issue bonds to an amount not exceeding fifteen per cent of the assessed value of the taxable property therein for the improvement of streets and sidewalks.

Section 1. Constitutional amendment permitting Anderson to issue bonds for street improvements. Be it resolved by the general assembly of the state of South Carolina, That Section 7, of Article VIII, of the constitution, be amended, as follows: Add at the end of the said section the following: "Provided, further, That limitation imposed by this section and Section 5, of Article X, of the constitution, shall not apply to the bonded indebtedness incurred by the city of Anderson, but the said city of Anderson may increase its bonded indebtedness to an amount not exceeding fifteen per cent of the assessed value of the taxable property therein where said bonds are issued for the sole purpose of paying the expenses or liabilities incurred

TRI-COUNTY DAY WAS MOST INTERESTING

ATTENDANCE AT CLEMSON YESTERDAY EXCEEDED EXPECTATIONS

SEVERAL SPEECHES

Were Made Which Were Very Instructive—Luncheon Had in Hall With Cadets.

Mr. S. M. Byars, county demonstration agent, who went to Clemson yesterday for the tri-county day, stated last night that the affair was a great success and that there were more people there than on any of the other two Anderson county days held before. He stated that much interest was shown and that he felt sure the discussion by the professors would be of lasting benefit to those who heard them.

Prof. Barr was the first speaker of the day and he discussed plant diseases in a most interesting way. He talked about the anthracnose disease which has been doing so much damage to the cotton crop this year and stated that the only way to be free from it another year was to plant seed from plants not affected this year. He also stated that rotation of crops was a great help in keeping this disease down.

Prof. Conrad was the next to address the crowd and he discussed insects and illustrated the damage done by them. He took up several minutes telling how to prevent the cut worm doing so much harm to the young plants next spring and this was very instructive as well as interesting.

Much to the delight of the ladies, Prof. Newman discussed flowers. His address was very interesting and the ladies received valuable instruction in regard to their flower garden.

Luncheon was had in the mess hall with the Clemson cadets and this alone was a very interesting feature of the day, since so many boys and young men may be seen eating in one hall.

After dinner the party was shown how butter is made at the college by Prof. Ray. They were also taken for a visit to the green houses, the barns and the granary.

All of those attending were very enthusiastic about the success of the affair and their only regret was that there were not more present.

LIST OF GUARANTORS FOR FOOTBALL GAME

COMMITTEE WAS BUSY YESTERDAY SECURING NAMES

35 HAVE SIGNED

And Gentlemen Only Canvassed For Two Hours—Should Be Easy Matter.

As far as the guarantee is concerned, it seems a certainty that the Clemson-Auburn football game will be played in Anderson on October 16.

Yesterday Mr. T. Frank Watkins and Dr. John Major made a canvass of two hours getting a list of guarantors and in that time succeeded in securing 35 men to sign the guarantee. Mr. Watkins stated last night that he was very much pleased with the canvass and that not a single man had refused to sign the guarantee.

As stated a few days ago Anderson has to guarantee the athletic association of Clemson college \$700 in order for the game to be played in this city. It is the object of the committee to get at least 75 men to sign the guarantee and the agreement is so worded that no one will be responsible for over \$10. Mr. Watkins stated last night that in all probability the proceeds from the game would more than be enough to pay the \$700. He stated also that he was receiving word from people in all sections of South Carolina that they intended to come to Anderson for the game and that in his opinion it would be a great day.

Stockholders Meeting. The annual meeting of the stockholders of the Brogan mills will be held in the office of the company on Tuesday, October 12th, 1915, at 12 o'clock noon.

or to be incurred in the improvement of streets and sidewalks.

Section 2. That the electors voting at the next general election for representatives favoring such amendment shall cast a ballot with the following words plainly written or printed thereon: "Amendment to Section 7, of Article VIII, of the constitution, by adding a proviso empowering the city of Anderson to increase its bonded indebtedness to fifteen per cent of the taxable value of the property therein—Yes." And those voting against said amendment shall deposit a ballot with the following words plainly written or printed thereon: "Amendment to Section 7, of Article VIII, of the constitution, by adding indebtedness to fifteen per cent of the taxable value of the property therein.—No."

ANDERSON THEATRE WILL OPEN OCT. 16

NUMBER OF GOOD SHOWS BOOKED FOR COMING SEASON

ONE ENTIRE WEEK

Demorest Stock Company Will Play For One Week Beginning on October 4th.

The Anderson theatre will open its 1915-16 season on October 4 and for one week will present the Demorest Stock company at popular prices, 10, 20 and 30 cents. Manager Trowbridge stated yesterday that he was unable to get a musical comedy company for the opening night and had decided to have a stock company.

The Demorest Stock company is just ending an eight week's engagement at the Colonial theatre in Salisbury, N. C., where it is said to have given complete satisfaction. The company carries a cast of 14 people and has Miss Ona Demorest as leading lady. A recent issue of the Bill-board states that it is having a very successful stay in Salisbury and that the patronage is good. While in this city the company will present a number of well known plays.

Mr. Trowbridge stated yesterday that during the stay of the stock company, the week beginning October 4, pictures at the Anderson would be shown in the afternoon only. He also stated that he thought the people of the city would appreciate the popular prices of the week's attraction and that it would be within reach of all.

Manager Trowbridge is busy every day now arranging for and booking shows for the coming season. Owing to the fact that he became manager of the house late in the season and most all of the shows had their course mapped out, there has been some delay in getting all of the attractions booked, but his list shows that Anderson is to have some first class plays and musical comedies this winter.

Peg O' My Heart. The first real play of the season will be Peg O' My Heart on October 15. This attraction is too widely known to permit of a description. The company that is headed for Anderson is said to be one of the best coming south this year and has Miss Florence Martin as leading lady.

The list of other attractions booked at the Anderson theatre for the coming season is as follows:

- Oct. 21, The Red Rose.
 - Oct. 25-26-27, Leland Webb company in scenic productions of New York successes: Merrily Mary Ann, Three of a Kind, and Under the Bear's Paw. This company has twelve people.
 - Nov. 3, Pairing of Barbara Worth.
 - Nov. 9, Fawn of Sixes, a farce comedy.
 - Nov. 18, Twin Beds, a farce comedy.
 - Nov. 23, Prince of Pilsen, comic opera.
 - Nov. 26, The Smart Set, a musical comedy.
 - Dec. 6 and for entire week, Manhattan Opera company.
 - Dec. 23, Matt and Jeff in College.
 - Jan. 10, Every Woman, said to be one of the best shows ever staged.
 - Jan. 17, The Law of the Land.
 - Jan. 24, September Morn.
 - Feb. 26, Al G. Field's Minstrel.
- Several attractions are yet to be booked by Manager Trowbridge, especially some for the latter part of the season.
